

Portable Accommodation

Our secure steel portable office range combines the strength and security of steel whilst giving the space and comfort of the more traditional portable offices.

- Full electric services are fitted as standard.
- Includes 13amp power sockets, RCD units and external isolators.
- Our steel portable office range can be fitted internally to suit your specific requirements.
- Units can be double stacked or linked offering you the versatility of mixing units.

Our Anti Vandal Steel Jackleg Accommodation Units are available in the following sizes:

16ft x 9ft
20ft x 9ft
24ft x 9ft
32ft x 10ft

Containerised offices are also available in various sizes.

In addition to the optional extras available in the steel accommodation range, we can also offer you:

- Units can be linked as well as double stacked
- Blinds
- Air Conditioning
- Disabled Access
- Carpet tiles or carpet flooring
- Furniture
- Partitioning
- Heat and Smoke Detection
- Emergency Lighting
- CAT II lighting
- 3 compartment trunking
